2021 SAT/ACT Workshop

A Jeng Academic Program
Cultivating the Minds of Future Leaders

2021 SAT/ACT Workshop Program Description

Under the impact of Covid-19, JAC has changed the format of the original summer SAT/ACT Workshop that has helped more than fifteen hundred students since 2004. Instead of the 8-week program traditional offered from June to August, the new 2021 SAT/ACT workshop will consist of two sessions: **session A** from mid-January to late-April and a second **session B** from mid-June to mid-July, 2021. Please note that this workshop will cover both SAT and ACT tests, including knowledge and skills about SAT and ACT essay writing, besides multiple choice sections in reading, writing, science, and math. Two thirds of the program will be spent on SAT tests, with only one third on ACT tests.

The whole program will be conducted online, with each lessons recorded for later reviews. Since 2020, when we began teaching this workshop online, we have found the recorded lessons of tremendous value in helping students catch up with missed lessons and review concepts.

Session	Period	Date	Time (PST)	Description	Fee
A	01-17-2021 to 04-25-2021	Every Sunday	4:00. Pm - 7:00 pm	Essay, English, Math, Science	\$1,500.00
